Early Release Friday for Teacher Professional Learning

Professional Learning Communities (PLCs) provide a systematic means of improving instruction and school culture. The professional learning community (PLC) model gives our schools a framework to build teacher capacity to work as members of high-performing, collaborative teams that focus on improving student learning. The framework requires our schools to have a solid, shared mission, vision, values, and goals; collaborative teams that work interdependently to achieve common goals; and a focus on results as evidenced by a commitment to continuous improvement.
